

You may have another option

Ulcerative Colitis is a lifelong condition that can seriously affect quality of life.

If your current treatment isn't managing your symptoms, you may wish to talk to your doctor about joining a Clinical Study of an investigational medication.

We are seeking volunteers who suffer from ulcerative colitis to take part in a research study called TUSCANY.

You may be qualified to participate if you:

- are between 18 and 65 years of age,
- have a positive histological diagnosis of ulcerative colitis
- are willing to participate in the study, complete assessments and attend scheduled clinical visits
- satisfy all of the eligibility requirements

For more information, please contact:

Study medication and study-related examinations and procedures are provided at no cost. Qualified participants may be eligible for reimbursement for travel.
