

Learn which candidates we supported in your community

PFIZER PAC ~ OUR VOICE IN THE POLITICAL PROCESS

A Message From Rich Bagger, Chairman Pfizer PAC

Dear Colleagues:

One of our five immediate priorities at Pfizer is to engage more actively and meaningfully with patients, doctors, payers, governments and other key stakeholders. We're reaching out to these important groups and working harder to meet their needs. We're also working harder to engage all stakeholders in the dialogue on health policy and actively participate in the discussion over how to improve the quality of healthcare, access to medicines, and incentives for innovation.

Pfizer PAC is one of the key ways in which we engage with candidates for public office. Through Pfizer PAC, we support candidates who understand the importance of innovative life sciences companies like Pfizer in fighting disease, improving health outcomes, and ensuring access to vital medicines. This report includes a list of candidates and political committees that Pfizer PAC supported during the 2005-06 election cycle. I hope you will take some time to review this report and see which candidates Pfizer PAC supported in your region.

This was a successful year for Pfizer PAC. In the past election cycle, Pfizer PAC supported more than 2,277 candidates from both political parties, and at all levels of government.

You, and Pfizer colleagues across America, definitely made a difference this past year through Pfizer PAC, by supporting candidates for public office who value access and innovation in healthcare. Thank you for your support—this report explains how Pfizer PAC put your generous contributions to use.

Sincerely,

A handwritten signature in black ink that reads "Rich Bagger". The signature is written in a cursive, flowing style.

Rich Bagger

PFIZER PAC

Our Voice in the Political Process

What is a PAC?

Political Action Committees (PACs) are an important part of the American political process. Through the PAC, Pfizer colleagues can support candidates who value access and innovation in health care.

How Does Pfizer PAC Work?

All corporate PACs are funded by voluntary employee contributions. Pfizer PAC is no different. It relies on the voluntary participation of Pfizer colleagues. Through Pfizer PAC, you can make your voice heard in the political process by helping support candidates for public office in your state and across the U.S.

Who Receives Pfizer PAC Contributions?

Pfizer PAC is nonpartisan. It supports Democrats and Republicans alike. During the 109th Congress, 2,277 candidates were supported by the Pfizer PAC. True to its nonpartisan commitment to support candidates from both political parties who share Pfizer's vision and values for healthcare, 59% of the contributions went to Republican candidates and 41% supported Democratic candidates. A complete list of Pfizer PAC and state corporate political contributions for January 2005 – December 2006 is included in this report.

PFIZER PAC & POLITICAL CONTRIBUTIONS GOVERNANCE POLICY

Pfizer complies fully with all federal, state, and local laws and reporting requirements governing PAC and corporate political contributions.

Pfizer has a Corporate Policy Procedure (#509) that requires all PAC and corporate political contributions to be compiled and published semi-annually in a report that is made available to employees, shareholders, and the public, and posted on the Company's website at www.pfizer.com under the "Who We Are—For Investors" in the Corporate Governance section.

— 2

Pfizer has been recognized as a leader in disclosure with respect to its political contributions. Representatives of the Nathan Cummings Foundation have publicly stated that, in their opinion, Pfizer's report currently represents the standard of disclosure to which other companies should aspire.

Pfizer has a PAC Steering Committee comprised of seven colleagues who review and approve all PAC and corporate political contributions on a monthly basis. To ensure adequate representation, Steering Committee members represent different divisions within the Pfizer organization. The PAC Steering Committee evaluates candidates based on their views on issues that impact Pfizer and its colleagues. It also takes note of whether Pfizer facilities or colleagues reside in a candidate's district or state. In addition, all PAC contribution requests are shared with the Pfizer Political Contributions Policy Committee for review. The Political Contributions Policy Committee is responsible for governing the Pfizer PAC.

PFIZER INC. PAC

NOTES TO THE FINANCIAL STATEMENTS

1. FUND DESCRIPTION

The Pfizer Inc. PAC (the Fund) was formed by Pfizer Inc. (the Company) to solicit and receive voluntary political contributions from employees and stockholders of the Company and certain subsidiaries to assist candidates for elective office. The Fund was registered with the Federal Election Commission in April 1976. During 2005 and part of 2006, contributions could be designated by the contributor to a specific candidate or political party for political office. In the latter part of 2006, designated contributions are remitted directly to the candidate or political party by the PAC on behalf of the contributor. Contributions designated by contributors were not material in 2006 and 2005. Contributions to the Fund which were undesignated are subsequently designated by the Fund's Steering Committee.

105

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The combined financial statement of the Fund include several political action committees which were formed to comply with certain state laws. The accounts of the Fund are maintained on a cash basis. All administrative costs of the Fund are borne by the Company in accordance with federal law.

Tax Status

The Fund is registered as a political organization and, as such, is subject to tax on non-exempt function income, which includes interest income, if any.

3. EXTERNAL FINANCING

The Fund may borrow cash, as necessary, to contribute to candidates in anticipation of employee contributions. The fund did not have any borrowings during 2006 and 2005.

INDEPENDENT AUDITORS' REPORT

The Political Contributions Policy Committee:

We have audited the accompanying combined statements of assets and liabilities arising from cash transactions of the Pfizer Inc. Political Action Committee (the Fund) as of December 31, 2006 and 2005, and the related combined statements of revenues and expenditures arising from cash transactions for the years then ended. These combined financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the combined financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, these combined financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from cash transactions of the Pfizer Inc. PAC as of December 31, 2006 and 2005, and its revenues and expenditures arising from cash transactions for the years then ended in conformity with the basis of accounting described in Note 2.
