Pfizer PAC & Corporate Political Contributions Report
January 2009 – December 2010

Learn which candidates we support in your community.

Pfizer PAC – Our Voice. Our Impact.

A Message from Sally Susman, Chair, Pfizer PAC

I am pleased to share our 2009-2010 election cycle political contributions report, which includes a list of candidates and political committees that the Pfizer PAC supported from January 1, 2009 thru December 31, 2010. The Pfizer PAC is bipartisan; we contribute to candidates who share our priorities in both political parties. Last election cycle, we supported 2,158 candidates at all levels of government, and we remain the #1 pharmaceutical industry PAC. I hope you will take time to review the report to see which candidates the PAC supported in your state and community.

As we look back over the last two years, historic health care reform legislation was adopted and we had several public policy priorities that we actively engaged in as the debate unfolded, including: making certain that price controls and importation were not included in the new health care law, and that we secure twelve years of data exclusivity for innovator biologics. As a result, many of our business priorities were attained and the new law ultimately helps us to continue to provide our innovative medicines to the patients we serve.

As Pfizer's PAC Chair and through my interactions with elected officials, I see first-hand how decisions are made that impact our ability to discover and bring to market innovative medicines that help the patients we serve. The Pfizer PAC supports candidates who are committed to maintaining and improving incentives for innovation and protecting and expanding access for the patients we serve.

Thank you for your support,

A handwritten signature in black ink that reads "Sally Susman" with a long, sweeping underline.

Sally Susman
Chair, Pfizer PAC

PFIZER PAC

Our Voice in the Political Process

What is a PAC?

PAC stands for Political Action Committee. A political action committee is a government-regulated organization that anyone can form to raise money for political campaign donations. PACs are formed by individuals, non-profits, and even many major corporations.

How Does Pfizer PAC Work?

The Pfizer political action committee, Pfizer PAC, is a nonpartisan organization that provides opportunities for employees to participate in the American political process. The Pfizer PAC is an employee-run organization with a Steering Committee made up of Pfizer employees from different divisions of the company. All corporate PACs are funded by voluntary employee contributions. Pfizer PAC is no different; it relies on the participation of Pfizer colleagues.

Who Receives Pfizer PAC Contributions?

Pfizer PAC is nonpartisan. It supports Democrats and Republicans alike. From January 2009 through December 2010, Pfizer PAC supported 2,158 candidates. True to its nonpartisan values, Pfizer PAC is committed to support candidates from both political parties who share Pfizer's vision and values for healthcare. When choosing to make a contribution to a candidate, the Pfizer PAC considers candidates' views on issues that impact Pfizer and its employees as well as the presence of Pfizer facilities or employees in the candidate's district or state. A complete list of Pfizer PAC and state corporate political contributions for January 2009 – December 2010 is included in this report.

PFIZER PAC & POLITICAL CONTRIBUTIONS GOVERNANCE POLICY

Pfizer complies fully with all federal, state, and local laws and reporting requirements governing PAC and corporate political contributions.

Pfizer has a Corporate Policy Procedure (#509) that requires all PAC and corporate political contributions to be compiled and published semi-annually in a report that is made available to employees, shareholders, and the public, and posted on the Company's website at www.pfizer.com under "About Pfizer" in the Corporate Governance section.

Pfizer also requests that trade associations receiving total payments of \$100,000 or more from Pfizer in a given year report the portion of Pfizer dues or payments used for expenditures or contributions that, if made directly by Pfizer, would not be deductible under section 162(e)(1)(B) of the Internal Revenue Code. We are disclosing such information received from our trade associations in this report.

4

Pfizer has a PAC Steering Committee comprised of seven colleagues who review and approve all PAC and corporate political contributions on a monthly basis. To ensure adequate representation, Steering Committee members represent different divisions within the Pfizer organization. The PAC Steering Committee evaluates candidates on a basis of their views on issues that impact Pfizer and its colleagues. It also takes note of whether Pfizer facilities or colleagues reside in a candidate's district or state. In addition, all PAC and corporate contribution requests are shared with the Pfizer Political Contributions Policy Committee for review. The Political Contributions Policy Committee is responsible for governing the Pfizer PAC.

Pfizer does not traditionally make contributions to 527 Issue Organizations such as MoveOn.Org or Swift Boat Veterans. If we were asked to make such a contribution, it would have to be reviewed and approved by the Political Contributions Policy Committee and subsequently disclosed in our semi-annual report.

Finally, in light of the Supreme Court decision in the Citizens United case, Pfizer has determined that it will not make any direct independent expenditures, a decision which has been discussed at the executive level as well as with the Corporate Governance Committee of our Board.

PAC

The Pfizer PAC logo features the word "PFIZER" in a spaced-out, sans-serif font above the word "PAC" in a large, bold, sans-serif font. A white five-pointed star is positioned inside the letter "P" of "PAC". To the right of the word "PAC", there are three horizontal, wavy stripes that resemble the stripes of the American flag, extending from the right side of the "PAC" text.

REPORT OF INDEPENDENT AUDITORS

Steering Committee Pfizer Inc. Political Action Committee

We have audited the accompanying combined statements of assets and liabilities arising from cash transactions of Pfizer Inc. Political Action Committee as of December 31, 2010 and 2009 and the related combined statement of revenue and expenses arising from cash transactions for the years then ended. These combined financial statements are the responsibility of the Committee's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, the combined financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from cash transactions of Pfizer Inc. Political Action Committee as of December 31, 2010 and 2009 and its revenue collected, expenses paid and changes in net assets for the years then ended, on the basis of accounting described in Note 2.

NOTE 1: COMMITTEE DESCRIPTION

The Pfizer Inc. Political Action Committee (the Committee) was formed by Pfizer Inc. (the Company) to solicit and receive voluntary political contributions from employees and stockholders of the Company and certain subsidiaries to assist candidates for elective office. The Committee was registered with the Federal Election Commission in April 1976. During 2010 and 2009, contributions could be designated by the contributor to a specific candidate or political party for political office. Designated contributions are remitted directly to the candidate or political party by the Committee on behalf of the contributor. There were no such designated contributions in 2010 and 2009. Contributions to the Committee which were undesignated are subsequently designated by the Committee's Steering Committee.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES*Basis of Presentation*

The combined financial statements of the Committee have been prepared on the basis of cash receipts and disbursements. Under this basis, revenue and the related assets are recognized when received rather than when earned, except for contributions withheld at year end from employees of the Company, which are recognized as revenue when the withholding occurs. Expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying combined financial statements are not intended to present financial position and results of operations in conformity with accounting principles generally accepted in the United States of America. The combined financial statements of the Committee include several political action committees which were formed to comply with certain state laws.

Accounting Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reporting of contingencies, if any, at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include sweep accounts and amounts withheld from Company employees at December 31, which are recognized as deposits in transit.

Revenue and Expense Recognition

Contributions are recognized as revenue in the period cash is received or withheld from the Company's payroll. Contributions to candidates at the discretion of the Committee are recognized when distributed. Interest income and bank charges are recognized when reported on the bank statement. Income tax expenses are recognized in the period paid.

The Company pays all administrative salaries and benefits, legal fees, and other administrative fees on behalf of the Committee. These costs are not reflected in the accompanying combined statements of revenue and expenses arising from cash transactions.

Net Assets

Net assets are considered restricted if they arise from contributions with donor stipulations on their use. The Committee had no restricted net assets at December 31, 2010 and 2009.

Subsequent Events

In preparing these financial statements, management of the Committee has evaluated events and transactions that occurred after December 31, 2010 for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through April 11, 2011, the date that the financial statements were available to be issued.

3. INCOME TAXES

Under Internal Revenue Code Section 527 and applicable state statutes, the Committee's activities are exempt from taxation with the exception of interest income received. Income taxes on interest income received totaled \$100 and \$125 in 2010 and 2009, respectively.

Management of an organization is required to evaluate income tax positions taken by the organization and disclose an income tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has evaluated the income tax positions taken by the Committee and concluded that as of December 31, 2010 there are no uncertain positions

NOTE 4: TRANSFER DUE TO MERGER

In October 2009, the Company acquired Wyeth, Inc. (Wyeth) in a cash and stock merger. As a result of the acquisition, the Committee received a transfer of Wyeth's political committee's net assets. Cash totaling \$61,200 was transferred to the Committee in February 2010. The Committee assumed responsibility for all checks that were outstanding at the time of the transfer.

NOTE 5: CONCENTRATIONS

Financial instruments that subject the Committee to concentrations of credit risk include cash which is invested with financial institutions. While the Committee attempts to limit its financial exposure, its deposit balances with financial institutions may, at times, exceed the limits insured by agencies of the U.S. government. The Committee has not experienced and management does not anticipate experiencing any credit losses on such deposits.
