Pfizer PAC and Corporate Political Contributions Report

January 2015 – December 2016

Pfizer PAC – Our Voices. Our Impact.

A Message from Sally Susman, Chair, Pfizer PAC

I am pleased to share our 2016 election cycle political contributions report, which includes a list of candidates and political committees supported either by Pfizer or the Pfizer PAC from January 1, 2015, through December 31, 2016.

The Pfizer PAC is bipartisan; we contribute to candidates of both political parties and we do not contribute to Presidential candidates. Pfizer PAC and Pfizer Inc supported 2,420 candidates and multiple political committees at all levels of the government. 56% of the funds went to Republicans and 44% went to Democrats. I hope you will take time to review the report to see which candidates the PAC supported in your state and community.

Patients continue to face significant legislative and regulatory challenges, and each election cycle is a new opportunity for lawmakers to either help or hinder patient access to innovative medicines. We are focused on making sure it's the former. Our elected representatives are making difficult choices, including focusing on cost reductions that could fundamentally alter our ability to discover and develop new cures and therapies for those who are counting on us to help make their lives better.

Our priority is to help build a constructive discourse in the political and regulatory environment to support our business priorities. Those priorities include the protection of intellectual property, supporting a patient centric healthcare system that enables access and encourages innovation, protecting patients from dangerous counterfeit medicines, protecting Medicare Part D, a program with 90% satisfaction among beneficiaries, and enacting a contemporary tax code that rewards innovation.

At the state level, we are working to reform insurer barriers that delay and deny care, reduce out-of-pocket costs for patients, eliminate regulatory and legislative barriers to accessing biosimilars, innovative vaccines and consumer products, and pass civil justice reform legislation.

As Pfizer's PAC Chair, and through my interactions with elected officials, I see first-hand how decisions are made that impact our ability to discover and bring to market innovative medicines and vaccines as well as off-patent medicines that patients and physicians rely on every day.

Thank you for your support,

A handwritten signature in black ink that reads "Sally Susman". The signature is fluid and cursive, with a long horizontal flourish at the end.

Sally Susman
Chair, Pfizer PAC

PFIZER PAC

Our Voices. Our Impact.

What is a PAC?

PAC stands for Political Action Committee. A political action committee is a government-regulated organization that anyone can form to raise money for political campaign donations. PACs are formed by individuals, non-profits, and even many major corporations.

How Does Pfizer PAC Work?

The Pfizer political action committee, Pfizer PAC, is a nonpartisan organization that provides opportunities for employees to participate in the American political process. The Pfizer PAC is an employee-run organization with a Steering Committee made up of Pfizer employees from different divisions of the company. All corporate PACs are funded by voluntary employee contributions. Pfizer PAC is no different; it relies on the participation of Pfizer colleagues.

Who Receives Pfizer PAC Contributions?

Pfizer PAC is nonpartisan. It supports Democrats and Republicans alike. From January 2015 through December 2016, Pfizer PAC supported 2,420 candidates. True to its nonpartisan values, Pfizer PAC is committed to support candidates from both political parties who share Pfizer's vision and values for healthcare. When choosing to make a contribution to a candidate, the Pfizer PAC considers candidates' views on issues that impact Pfizer and its employees as well as the presence of Pfizer facilities or employees in the candidate's district or state. A complete list of Pfizer PAC and state corporate political contributions for January 2015 - December 2016 is included in this report.

PFIZER PAC & POLITICAL CONTRIBUTIONS GOVERNANCE POLICY

Pfizer complies fully with all federal, state, and local laws and reporting requirements governing PAC and corporate political contributions.

Pfizer has a Corporate Policy Procedure (#802a) that requires all PAC and corporate political contributions to be compiled and published semiannually in a report that is made available to employees, shareholders, and the public, and posted on the Company's website at www.pfizer.com in "Lobbying and Political Contributions" under the "About Pfizer" tab within the "Corporate Governance" section. At the end of each Federal cycle (every two years), the Pfizer PAC is audited by Bond Beebe, a certified public accounting and advisory firm.

Pfizer also requests that trade associations receiving total payments of \$100,000 or more from Pfizer in a given year report the portion of Pfizer dues or payments used for expenditures or contributions that, if made directly by Pfizer, would not be deductible under section 162(e)(1)(B) of the Internal Revenue Code. We are disclosing such information received from our trade associations in this report.

Pfizer has a PAC Steering Committee comprised of eight colleagues who review and approve all PAC and corporate political contributions on a monthly basis. To ensure adequate representation, Steering Committee members represent different divisions within the Pfizer organization. The PAC Steering Committee evaluates candidates on a basis of their views on issues that impact Pfizer and its colleagues. It also takes note of whether Pfizer facilities or colleagues reside in a candidate's district or state. In addition, all PAC and corporate contribution requests are shared with the Pfizer Political Contributions Policy Committee for review. The Political Contributions Policy Committee is responsible for governing the Pfizer PAC.

Pfizer does not traditionally make contributions to 527 Issue Organizations. If we were asked to make such a contribution, it would have to be reviewed and approved by the Political Contributions Policy Committee and subsequently disclosed in our semi-annual report.

Finally, in light of the Supreme Court decision in the Citizens United case, Pfizer will not make any direct independent expenditures, a decision which has been discussed at the executive level as well as with the Corporate Governance Committee of our Board.

Pfizer Inc. Political Action Committee

Report on the Financial Statements

We have audited the accompanying combined financial statements of Pfizer Inc. Political Action Committee, which comprise the combined statements of assets, liabilities and net assets arising from cash transactions as of December 31, 2016 and 2015 and the related combined statements of revenue, expenses, and changes in net assets arising from cash transactions for the years then ended, and the related notes to the combined financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with the cash basis of accounting described in Note 2; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the combined financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

REPORT OF INDEPENDENT AUDITORS

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets of Pfizer Inc. Political Action Committee as of December 31, 2016 and 2015, and its revenue, expenses and changes in net assets for the years then ended in accordance with the basis of accounting as described in Note 2.

Basis of Accounting

We draw attention to Note 2 of the combined financial statements, which describes the basis of accounting. The combined financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

**PFIZER INC. POLITICAL ACTION COMMITTEE
NOTES TO COMBINED FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015**

NOTE 1: COMMITTEE DESCRIPTION

The Pfizer Inc. Political Action Committee (the Committee) was formed by Pfizer Inc. (the Company) to solicit and receive voluntary political contributions from employees and stockholders of the Company and certain subsidiaries to assist candidates for elective office. The Committee was registered with the Federal Election Commission in April 1976. During 2016 and 2015, contributions could be designated by the contributor to a specific candidate or political party for political office. Designated contributions are remitted directly to the candidate or political party by the Committee on behalf of the contributor. There were no such designated contributions in 2016 and 2015. Contributions to the Committee which are undesignated are subsequently designated by the Committee's Steering Committee.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The combined financial statements of the Committee have been prepared using the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, revenue and the related assets are recognized when received rather than when earned, except for contributions withheld at year end from employees of the Company, which are recognized as revenue when the withholding occurs. Expenses are recognized when paid rather than when the obligation is incurred. The combined financial statements of the Committee include several political action committees which were formed to comply with certain state laws.

Accounting Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reporting of contingencies, if any, at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue and Expense Recognition

Contributions are recognized as revenue in the period cash is received or withheld from the Company's payroll. Contributions to candidates at the discretion of the Committee are recognized when distributed. Interest income and bank charges are recognized when reported on the bank statement. State filing fees are recognized in the period paid.

The Company pays all administrative salaries and benefits, legal fees, and other administrative fees on behalf of the Committee. These costs are not reflected in the accompanying combined statements of revenue and expenses arising from cash transactions.

Net Assets

Net assets are considered restricted if they arise from contributions with donor stipulations on their use. The Committee had no restricted net assets at December 31, 2016 and 2015.

Subsequent Events

In preparing these financial statements, management of the Committee has evaluated events and transactions that occurred after December 31, 2016 for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through March 23, 2017, the date that the financial statements were available to be issued.

NOTES TO COMBINED FINANCIAL STATEMENTS

NOTE 3: INCOME TAXES

Under Internal Revenue Code Section 527 and applicable state statutes, the Committee's activities are exempt from taxation with the exception of investment income received, which is taxed at the highest corporate tax rate.

Management of the Committee evaluates tax positions taken and will disclose an uncertain tax position if it is more likely than not that such position taken will not be sustained upon examination by the Internal Revenue Service. Management has analyzed the Committee's tax positions, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Committee is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. Management believes the Committee is no longer subject to income tax examinations for years prior to 2013.

NOTE 4: CONCENTRATIONS

The Committee maintains its cash in bank accounts which, at times, exceeds federally insured limits, subjecting the Committee to concentrations of credit risk. The Committee has not experienced, and management does not anticipate, any credit losses on such accounts.
