Pfizer PAC and Corporate Political Contributions Report

January 2013 – December 2014

Pfizer PAC – Our Voices. Our Impact.

A Message from Sally Susman, Chair, Pfizer PAC

I am pleased to share our annual 2014 election cycle political contributions report, which includes a list of candidates and political committees supported either by Pfizer or the Pfizer PAC from January 1, 2013 through December 31, 2014.

The Pfizer PAC is bipartisan; we contribute to candidates of both political parties. This cycle we supported 2,032 candidates at all levels of government with 55% of the PAC contributions given to Republicans and 45% to Democrats. I hope you will take time to review the report to see which candidates the PAC supported in your state and community.

We continue to face significant legislative and regulatory challenges and each election cycle is critical to our industry. Our elected representatives are making difficult choices, including focusing on cost reductions that could fundamentally affect our ability to compete and innovate.

Pfizer's goal is to bring innovative therapies to patients that significantly improve their lives. We do that by generating sustained, positive "public will" among the general public, policymakers, and all of our stakeholders to help build constructive discourse in the political and regulatory environment in support of short-and long-term business priorities, including the protection of intellectual property; fair and comprehensive tax reform, protecting Medicare Part D from the impact of the debt and deficit reduction negotiations and demonstrating our value to patients by showing key opinion leaders, elected officials and the public at large how we improve and save lives.

As Pfizer's PAC Chair and through my interactions with elected officials, I see first-hand how decisions are made that impact our ability to discover and bring to market innovative medicines and vaccines. The Pfizer PAC supports candidates who are committed to maintaining and improving incentives for innovation and protecting and expanding access for the patients we serve.

Thank you for your support,

A handwritten signature in black ink that reads "Sally Susman" with a long, sweeping underline.

Sally Susman
Chair, Pfizer PAC

PFIZER PAC

Our Voices, Our Impact.

What is a PAC?

PAC stands for Political Action Committee. A political action committee is a government-regulated organization that anyone can form to raise money for political campaign donations. PACs are formed by individuals, non-profits, and even many major corporations.

How Does Pfizer PAC Work?

The Pfizer political action committee, Pfizer PAC, is a nonpartisan organization that provides opportunities for employees to participate in the American political process. The Pfizer PAC is an employee-run organization with a Steering Committee made up of Pfizer employees from different divisions of the company. All corporate PACs are funded by voluntary employee contributions. Pfizer PAC is no different; it relies on the participation of Pfizer colleagues.

Who Receives Pfizer PAC Contributions?

Pfizer PAC is nonpartisan. It supports Democrats and Republicans alike. From January 2013 through December 2014 Pfizer PAC supported 2,032 candidates. True to its nonpartisan values, Pfizer PAC is committed to support candidates from both political parties who share Pfizer's vision and values for healthcare. When choosing to make a contribution to a candidate, the Pfizer PAC considers candidates' views on issues that impact Pfizer and its employees as well as the presence of Pfizer facilities or employees in the candidate's district or state. A complete list of Pfizer PAC and state corporate political contributions for January 2013 - December 2014 is included in this report.

Pfizer PAC & Political Contributions Governance Policy

Pfizer complies fully with all federal, state, and local laws and reporting requirements governing PAC and corporate political contributions.

Pfizer has a Corporate Policy Procedure (#802a) that requires all PAC and corporate political contributions to be compiled and published semiannually in a report that is made available to employees, shareholders, and the public, and posted on the Company's website at www.pfizer.com in "Lobbying and Political Contributions" under the "About Pfizer" tab within the "Corporate Governance" section. At the end of each Federal cycle (every two years), the Pfizer PAC is audited by Bond Beebe, a certified public accounting and advisory firm.

Pfizer also requests that trade associations receiving total payments of \$100,000 or more from Pfizer in a given year report the portion of Pfizer dues or payments used for expenditures or contributions that, if made directly by Pfizer, would not be deductible under section 162(e)(1)(B) of the Internal Revenue Code. We are disclosing such information received from our trade associations in this report.

Pfizer has a PAC Steering Committee comprised of eight colleagues who review and approve all PAC and corporate political contributions on a monthly basis. To ensure adequate representation, Steering Committee members represent different divisions within the Pfizer organization. The PAC Steering Committee evaluates candidates on a basis of their views on issues that impact Pfizer and its colleagues. It also takes note of whether Pfizer facilities or colleagues reside in a candidate's district or state. In addition, all PAC and corporate contribution requests are shared with the Pfizer Political Contributions Policy Committee for review. The Political Contributions Policy Committee is responsible for governing the Pfizer PAC.

Pfizer does not traditionally make contributions to 527 Issue Organizations. If we were asked to make such a contribution, it would have to be reviewed and approved by the Political Contributions Policy Committee and subsequently disclosed in our semi-annual report.

Finally, in light of the Supreme Court decision in the Citizens United case, Pfizer has determined that it will not make any direct independent expenditures, a decision which has been discussed at the executive level as well as with the Corporate Governance Committee of our Board.

Pfizer Inc. Political Action Committee

Report on the Financial Statements

We have audited the accompanying combined financial statements of Pfizer Inc. Political Action Committee and affiliates, which comprise the combined statements of assets and liabilities arising from cash transactions as of December 31, 2014 and 2013 and the related combined statements of revenue, expenses, and changes in net assets arising from cash transactions for the years then ended, and the related notes to the combined financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with the cash basis of accounting described in Note 2; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the combined financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

REPORT OF INDEPENDENT AUDITORS

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets of Pfizer Inc. Political Action Committee and affiliates as of December 31, 2014 and 2013, and its revenue, expenses and changes in net assets for the years then ended in accordance with the basis of accounting as described in Note 2.

Basis of Accounting

We draw attention to Note 2 of the combined financial statements, which describes the basis of accounting. The combined financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

**PFIZER INC. POLITICAL ACTION COMMITTEE
NOTES TO COMBINED FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013**

NOTE 1: COMMITTEE DESCRIPTION

The Pfizer Inc. Political Action Committee (the Committee) was formed by Pfizer Inc. (the Company) to solicit and receive voluntary political contributions from employees and stockholders of the Company and certain subsidiaries to assist candidates for elective office. The Committee was registered with the Federal Election Commission in April 1976. During 2014 and 2013, contributions could be designated by the contributor to a specific candidate or political party for political office. Designated contributions are remitted directly to the candidate or political party by the Committee on behalf of the contributor. There were no such designated contributions in 2014 and 2013. Contributions to the Committee which are undesignated are subsequently designated by the Committee's Steering Committee.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The combined financial statements of the Committee have been prepared on the basis of cash receipts and disbursements. Under this basis, revenue and the related assets are recognized when received rather than when earned, except for contributions withheld at year end from employees of the Company, which are recognized as revenue when the withholding occurs. Expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying combined financial statements are not intended to present financial position and results of operations in conformity with accounting principles generally accepted in the United States of America. The combined financial statements of the Committee include several political action committees which were formed to comply with certain state laws.

Accounting Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reporting of contingencies, if any, at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash equivalents include money market accounts and amounts withheld from Company employees at December 31, which are recognized as deposits in transit.

Revenue and Expense Recognition

Contributions are recognized as revenue in the period cash is received or withheld from the Company's payroll. Contributions to candidates at the discretion of the Committee are recognized when distributed. Interest income and bank charges are recognized when reported on the bank statement. State filing fees are recognized in the period paid.

The Company pays all administrative salaries and benefits, legal fees, and other administrative fees on behalf of the Committee. These costs are not reflected in the accompanying combined statements of revenue and expenses arising from cash transactions.

Net Assets

Net assets are considered restricted if they arise from contributions with donor stipulations on their use. The Committee had no restricted net assets at December 31, 2014 and 2013.

Subsequent Events

In preparing these financial statements, management of the Committee has evaluated events and transactions that occurred after December 31, 2014 for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through March 30, 2015, the date that the financial statements were available to be issued.

NOTES TO COMBINED FINANCIAL STATEMENTS

NOTE 3: INCOME TAXES

Under Internal Revenue Code Section 527 and applicable state statutes, the Committee's activities are exempt from taxation with the exception of interest income received, which is taxed at the highest corporate tax rate.

Management of the Committee evaluates tax positions taken and will disclose an uncertain tax position if it is more likely than not that such position taken will not be sustained upon examination by the Internal Revenue Service. Management has analyzed the Committee's tax positions, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Committee is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. Management believes the Committee is no longer subject to income tax examinations for years prior to 2011.

NOTE 4: FAIR VALUE

The Committee's assets and liabilities that are measured at fair value on a recurring basis are categorized using the fair value hierarchy. The fair value hierarchy has three levels based on the reliability of the inputs used to determine fair value. Level 1 refers to fair values determined based on unadjusted quoted prices in active markets for identical assets. Level 2 refers to fair values that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 includes fair values estimated using significant unobservable inputs.

The Committee's cash equivalents consist of money market accounts and amounts withheld from Company employees, which are classified as Level 2 investments. Cash equivalents totaled \$55,752 and \$125,945 at December 31, 2014 and 2013, respectively. Cash equivalents are presented at cost, which approximates fair value. The valuation methodology was not changed during the years ended December 31, 2014 and 2013.

NOTE 5: CONCENTRATIONS

Financial instruments that subject the Committee to concentrations of credit risk include cash and cash equivalents which are invested with financial institutions. While the Committee attempts to limit its financial exposure, its deposit balances with financial institutions, at times, may exceed the limits insured by agencies of the U.S. government. The Committee has not experienced and management does not anticipate experiencing any credit losses on such deposits.
