Pfizer Mourns Loss of Prominent Leader and Respected Board Member

Bill Gray served on Pfizer's Board of Directors for thirteen years having joined in 2000. At the time of his death, Bill was Chairman of our Corporate Governance Committee and was also a valuable member of our Science and Technology Committee.

"We are saddened by the death of Bill Gray," said Ian Read, Pfizer's Chairman and CEO. "At Pfizer, he was an outstanding Director who helped us navigate through a period of rapid change. His strong leadership on governance issues will be missed and outside of Pfizer, Bill will be remembered for his accomplishments as a champion of equality, education and opportunity. However he touched our lives, Bill also always brought a sense of optimism and humor to the work at hand."
