

Pfizer Healthcare Ireland

Patient Association Funding Disclosure 2012

Pfizer has implemented a new standard approach for full transparency of grants to patient organisations. With this new commitment, we are among the leading biopharmaceutical companies to embrace a policy of full transparency for grants to patient organisations across all countries in Europe. We are committed to operating with the highest standards of ethical, transparent and responsible conduct in all aspects of our business, including our relationships with patient advocacy groups. We will continue our efforts to lead industry standards and practices in ways that meet society's expectations of us.

Asthma Society of Ireland

The Asthma Society's vision is for Ireland to take a leading role in Europe by developing an integrated public health approach to asthma management, delivering evidence based care; enabling patients to enjoy optimal asthma control and quality of life. In 2012 Pfizer donated equipment to ASI valued at €2,400.

Age Action Ireland

Age Action Ireland (AAI) is a charity which promotes positive ageing and better policies and services for older people. The chief aim of AAI is to achieve fundamental change in the lives of all older people by empowering them to live full lives as actively engaged citizens and to secure their rights to comprehensive high quality services according to their changing needs. In 2012 Pfizer supported the work of AAI in what was the European Year of Active Ageing through corporate sponsorship and donation of Personal Information Packs totalling €31,779.

Arthritis Ireland

Arthritis Ireland is a national member's organisation dedicated to improving the quality of life of people with arthritis. Their vision is to inform, enable and empower people with arthritis and those who care for them. In 2012 Pfizer supported Arthritis Ireland's activities through the awarding of educational grants totalling of €59,500.

Chronic Pain Ireland

CPI provides information, education and support to those living with chronic pain, their families and friends. In addition CPI campaigns for greater recognition of chronic pain as an illness and improved services for patients living with chronic pain. In 2012 Pfizer supported these efforts through educational grants totalling €18,950.

Chernobyl Children Project International

Chernobyl Children Project International, (CCPI), is a non-profit organisation, with United Nations NGO status which develops community, medical and social programmes to reduce poverty and improve the livelihoods of current and future generations of Chernobyl's children. In 2012 Pfizer in Ireland supported the activities of CCI with a grant of €25,000.

CROI – West of Ireland Cardiology Foundation

CROI, the West of Ireland Cardiology Foundation, aims to reduce the impact of cardiovascular disease on families living in the West of Ireland. The current strategy is community-focused, where the organisation contributes to the fight against heart disease through innovative community approaches to education, health promotion, research and the development of cardiac services and facilities. Pfizer has supported CROI on a number of initiatives, most notably within the parameter of educational projects which provide a platform for healthcare professionals to be updated on all current medical guidelines and therapeutic area advancements. In 2012 Pfizer supported CROI activities through educational grants totalling €20,000.

Diabetes Ireland

Diabetes Ireland is dedicated to helping people with diabetes. Through its network of support branches throughout the country, people who have an interest in diabetes are dedicated to sourcing and sharing information on diabetes and related matters. Pfizer supports the ongoing education of both patients and health care professionals in many aspects of diabetes management and care. In 2012, Diabetes Ireland was supported with an educational grant totalling €10,000.

Irish Cancer Society

The Irish Cancer Society is Ireland's national cancer charity whose work focuses on prevention, survival and quality of life, advocacy, cancer services and research. In 2012 Pfizer Healthcare Ireland supported the ICS's research, health promotion and educational activities with funding of €46,890.
