Appendix: Funding to organisations engaged in some work with patients.

Pfizer provides funding to a number of organisations that are not patient organisations, but which have patient organisation membership or are otherwise relevant to patients. As such, they are listed here for the sake of transparency.

European Alliance for Personalised Medicine (EAPM): Founded in 2012, EAPM brings together Europe's leading healthcare experts, healthcare organisations and institutions, and patient advocates to improve patient care by accelerating the development, delivery and uptake of personalised healthcare including personalised medicine and diagnostics. In 2013, Pfizer Inc provided EAPM with €20,000 to support its annual work programme, and €30,000 project funding for the EU Personalised Medicine Uptake Index.

European Network for Smoking & Tobacco Prevention (ENSP): ENSP is an international non-profit making organisation, created in 1997 under Belgian law. ENSP's mission is to develop a strategy for co-ordinated action among organisations active in tobacco control in Europe by sharing information and experience and through co-ordinated activities and joint projects. ENSP aims to create greater coherence among smoking prevention activities and to promote comprehensive tobacco control policies at both national and European levels. In 2013, Pfizer Inc provided ENSP with an unrestricted grant of \$15,000 to support the dissemination of the ENSP's smoking cessation guidelines.

Pain Alliance Europe (PAE): PAE is a multi-stakeholder alliance that aims to improve the quality of life of people living with chronic pain in Europe, by promoting awareness of chronic pain and promoting a European policy on chronic pain, in order to reduce the impact of chronic pain on all areas of European society. Pfizer Ltd provided PAE with a charitable donation to support core funding of €25,000; this payment was booked in December 2012 and paid in January 2013.

Rare Cancers Europe: RCE is a partnership of cooperating organisations that work together to place the issue of rare cancers firmly on the European policy agenda, to identify and promote appropriate solutions and to exchange best practice. RCE is administered by the European Society for Medical Oncology (ESMO) based in Switzerland. In 2013, Pfizer Pharma GmbH provided €50,000 of support to RCE.
