

Action on Pain

Action on Pain provides advice and support to people living with pain and strives to raise the profile of pain among politicians, the NHS and health care professionals.

Pfizer supported three of Action on Pain's activities in 2010, including:

- Social media training to aid participation in the European chronic pain health awareness campaign, 'Can you feel my pain?'
- Funding for attendance at two advisory board meetings on development of European advocacy campaigns on chronic health.
- Funding for attendance at a meeting of executive committee of partners in European advocacy campaign, the 'Pain Proposal'.
- A specific pain awareness project using the charity's outreach 'Mobile Information unit' to give one to one support and advice on living with pain to event visitors.

€2,700 (£2,251)

As a guide this amount represents 7.6 % of the organisation's total income based on their last reported financial year (October 2008 - September 2009).

Age Concern Banstead

Age Concern Banstead is an independent registered charity working in Banstead and the surrounding area that forms part of the Reigate and Banstead Borough to the north of the M25. The districts covered comprise of Banstead Village, Burgh Heath, Chipstead, part of Hooley, Kingswood, Lower Kingswood, Mogador, Nork, Tadworth, Tattenham Corner, Walton-on-the-Hill and Woodmansterne.

They aim to promote the well-being of all older people and help make their life a fulfilling and enjoyable experience.

Pfizer supported Age Concern Banstead as a charity local to Pfizer's head office with a donation in lieu of sending corporate Christmas cards and provided basic photocopying services as a gift in kind.

£500

As a guide this amount represents less than 1% of the organisation's total income based on their last reported financial year (January 2009 - December 2009).

Age Concern Herne Bay

Age Concern Herne Bay aims are to promote the relief of elderly people in any manner which now or hereafter may be deemed by law to be charitable within the county of Kent with particular reference to Herne Bay and District.

Pfizer's donation contributed towards a Christmas party for Age Concern Herne Bay volunteers.

£500

As a guide this amount represents less than 1% of the total income of Age Concern Herne Bay based on their last reported financial year (April 2009 - March 2010)

Alzheimer's Society

Alzheimer's Society is the leading support and research charity for people with dementia, their families and carers. They provide information, education, support and care to help people with dementia live their lives to the full. Alzheimer's Society also invests over £6 million in dementia research to improve the lives of people today and to find a cure for tomorrow.

Alzheimer's Society delivered training to Pfizer and also received a donation following colleague fundraising. Pfizer also provided basic photocopying services and transport as a gift in kind to the Epsom branch of the Alzheimer's Society, as well as a donation in lieu of sending corporate Christmas cards in 2010. Finally, Pfizer delivered the Judith Fox Photography exhibition in association with Alzheimer's Society.

£2,063.50

As a guide this amount represents less than 1% of the total income of Alzheimer's Society based on their last reported financial year (April 2009 - March 2010).

Amy and friends

Amy & Friends facilitates the support of children and families suffering from Cockayne Syndrome (CS) in the UK. The charity organises meetings for group members to share experiences and knowledge to gain support from each other, and assist families in taking part in CS research programmes.

Pfizer's donation supported an annual retreat weekend for the children and families that Amy and Friend's supports.

£1,000

As a guide this amount represents less than 3% of the organisation's total income based on their last reported financial year (January 2009 - December 2009).

Anxiety UK

Anxiety UK works to support people living with anxiety disorders by providing information, support and understanding through its range of services.

- Pfizer purchased from Anxiety UK 100 leaflets on Generalised Anxiety Disorder.
- Pfizer granted to Anxiety UK a non-exclusive, irrevocable, worldwide, perpetual licence to use and reproduce a Pfizer-owned survey of 557 sufferers of GAD and excessive anxiety dated April 2009.

£460

As a guide this amount represents less than 1% of the total income of Anxiety UK based on their last reported financial year (January 2009 - December 2009).

Arthritis and Musculoskeletal Alliance (ARMA)

ARMA is the umbrella body providing a collective voice for the arthritis and musculoskeletal community in the UK. Together, ARMA and its member organisations work to improve quality of life for more than 9.6 million people in the UK with these conditions. ARMA has 35 member organisations representing a broad range of interests across service user, professional and research groups working in the field of musculoskeletal conditions.

During 2010 Pfizer provided ARMA with two core funding payments, one of which was outstanding from 2009. Pfizer provided funding to ARMA to support specific government affairs activities including the ARMA political meetings programme.

In order to support ARMA to hold a better understanding of the work undertaken by Pfizer, an invitation was extended to Sarah Rich, ARMA colleague to participate within a work placement day.

ARMA is an umbrella organisation and during 2010, Pfizer made a one-off charitable donation to ARMA Dorset to support local meetings.

£23,500

As a guide this amount represents 13.86% of the organisation's total income based on their last reported financial year (January 2009 - December 2009).

Arthritis Care

Arthritis Care exists to support people with arthritis. Arthritis Care is the UK's largest charity working with and for all people who have arthritis. It is a user led charity which means people with arthritis are at the heart of all its work – forming its membership, influencing and engaging in all of its activities and directing strategy by electing the board of trustees, the majority of whom, though board members by dint of their skills and expertise, are themselves people with arthritis.

During 2010 Arthritis Care participated within the European Pain Proposal activities developed by Pfizer. Neil Betteridge, CEO, attended the Pain Proposal Executive Committee meeting as a representative of the UK. An honorarium was paid. Additionally, Arthritis Care attended the launch of the European Pain Proposal launch which was hosted in the European Parliament in September 2010. Travel and accommodation was provided to facilitate this attendance.

Pfizer also provided support to Arthritis Care NI's Health Professional Lecture, Stormont in June 2010. The event helped raise the profile of arthritis and other musculoskeletal conditions on the health agenda in Northern Ireland, particularly the issue of staying in and returning to employment.

€1,700 & £425

As a guide, this amount represents less than 0.02 % of the organisation's total income based on their last reported financial year (January 2009 - December 2009).

ASH Wales

ASH Wales is the leading voluntary organisation in Wales tackling tobacco use. Our main aim is to achieve a reduction in and eventual elimination of the health problems associated with tobacco use.

Pfizer provided support to ASH Wales towards the cost of the ASH Wales Conference in 2009 and 2010.

£7,600

As a guide this amount represents less than 3% of the organisations total income based on their last reported financial year (April 2009 - March 2010).

Back Care

BackCare, the charity for healthier backs, is the only charity in the UK totally dedicated to providing support for, and campaigning on behalf of, people whose life is significantly affected by back pain.

Pfizer provided a donation to BackCare to support the development of their iPhone application.

£12,500

As a guide this amount represents 3.2% of the organisation's total income based on their last reported financial year (January 2009 - December 2009).

Beating Bowel Cancer

Beating Bowel Cancer works to save lives by raising awareness of symptoms promoting early diagnosis and helping to improve access to treatment for people affected by this cancer.

Pfizer provided Beating Bowel Cancer with funding for a liver metastases campaign that aimed to improve care for patients with advanced disease.

£5,000

As a guide this amount represents less than 0.5% of the total income of Beating Bowel Cancer based on their last reported financial year (April 2009 - March 2010).

Bladder and Bowel Foundation

The Bladder and Bowel Foundation is the UK's leading charity providing information and support for people with bladder and bowel disorders, their carers, families and healthcare professionals.

Pfizer supported the charity as a Platinum Member.

£9,995

As a guide this amount represents 3.6% of the organisation's total income based on their last reported financial year (April 2009 - March 2010).

Bowel Cancer UK

Bowel Cancer UK aims to save lives by raising awareness of bowel cancer, campaigning for best treatment and care and providing practical support and advice.

Pfizer provided funding to support the charity's general patient support for bowel cancer which spans advice, information, emotional support, knowledge and awareness of the condition.

£5,000

As a guide this amount represents less than 0.4% of the charity's total income based on their last reported financial year (January - December 2010)

Breakthrough Breast Cancer

Breakthrough Breast Cancer is pioneering charity saving lives and changing futures, through research, campaigning and education – removing the fear of breast cancer for good.

Our support went towards the charity's organisation of the Westminster Fly-In, which is a 2 day lobbying and training event for people affected by breast cancer to enable them to gain the necessary skills and opportunity to talk to their MP directly about their experiences of breast cancer treatment, research and services.

Pfizer is also a supporter of the charity's Triple Negative breast cancer research conference.

£30,000

As a guide this amount represents less than 0.1% of the total income of Breakthrough Breast Cancer based on their last reported financial year (August 2008 - July 2009).

Breast Cancer Care

Breast Cancer Care provides information, practical assistance and emotional support for anyone affected by breast cancer.

- Pfizer and Breast Cancer Care jointly planned, organised and resourced a media think tank to better understand the reasons why journalists do not commonly cover stories about secondary breast cancer.
- Pfizer also invited one of the charity's nurses to share experiences, common issues and best practice in metastatic breast cancer at a Pfizer Europe patient advocacy dialogue meeting. Pfizer paid standard travel and accommodation expenses for the charity's nurse to attend the meeting and provided a gift in kind – digital photos from the meeting - for their own use.
- Pfizer engaged one of the charity's specialist nurse as a paid speaker on survivorship at a Pfizer organised nurse education meeting.

£750

As a guide this amount represents 0.1% of the total income of Breast Cancer Care based on their last reported financial year (April 2009 - March 2010).

Breast Cancer Haven

Breast Cancer Haven helps people through the experience of breast cancer. The charity offers information, emotional support and complementary therapies in three welcoming centres. The charity also runs an outreach programme for people who are unable to get to a centre.

Breast Cancer Haven received a donation following a quiz at a Pfizer educational meeting.

£300

As a guide this amount represents less than 0.1% of the charity's total income based on their last reported financial year (April 2009 - May 2010).

British Lung Foundation

The British Lung Foundation exists to help people with lung disease. It does this by raising money to provide services to people with lung disease and their families, to fund scientific research for better treatments and cures and by campaigning for change to improve lung health in the UK. The services provided include Breathe Easy support groups, BLF nurses, BLF active and the helpline.

Pfizer part sponsored the Love your Lungs tester events hosted by the British Lung Foundation and also supported the Breathe Easy support group in Thanet, to help them develop four newsletters for the local area. Added to this, Pfizer has worked in partnership with the British Lung Foundation to raise awareness of Pneumococcal Disease as members of the PneumoAware group. Finally, Pfizer also delivered a series of workshops to the British Lung Foundation Services team.

£11,600

As a guide this amount represents less than 1% of the total income based on their last reported financial year (April 2009 - March 2010).

Cancer Campaigning Group

The Cancer Campaigning Group (CCG) is an independent coalition of over 40 national cancer charities representing service providers, research, advocacy and campaigning groups for cancer patients and their families. The CCG's aim is to improve cancer policy and services across the four areas of prevention, care and treatment, patient involvement and choice, and research. Supporting organisations do not direct or control CCG strategy, activities or literature in any way.

Pfizer has supported the costs associated with the running of the Cancer Campaigning Group. The payment was made to MHP who manage the secretariat for the CCG.

£15,000

As a guide this amount represents 25% of the total income of the Cancer Campaigning Group based on their last financial year (2009 - 2010).

Cancer Research UK

Cancer Research UK (CRUK) exists to protect and promote the health of the public through its research into the nature, causes, diagnosis, prevention, treatment and cure of all forms of cancer.

Pfizer made a payment to CRUK as the account holder for the National Cancer Research Initiative (NCRI) Secretariat, to support a lung cancer clinical studies meeting. We also paid £130 in travel expenses to a CRUK professor who attended as an independent speaker at Pfizer's annual Cancer Agenda meeting.

£6,130

As a guide this amount represents 0.1% of the charity's total income based on their last reported financial year (April 2009 - March 2010).

Connect

Connect – The Communication Disability Network is a charity which supports people living with aphasia, a communication disability which occurs after stroke. Aphasia is sometimes known as dysphasia and it can also be caused by brain injury or tumour. Connect aims to improve the lives of people living with aphasia, equipping them to re-connect with life.

Pfizer provided funding towards the development and printing of Connect's Annual Report

£4,000

As a guide this amount represents less than 1% of the organisation's total income based on their last reported financial year (April 2009 - March 2010).

Dementia UK

Dementia UK aims to improve the quality of life for all people affected by the various forms of dementia. It fulfils those aims through the provision of admiral nurses in partnership with NHS trusts to help those caring for people with dementia in their own homes. Dementia UK also provides training for professionals, and it also runs a support network for family carers.

Dementia UK provided training to Pfizer colleagues at an internal conference and also received a donation as the nominated charity of the Communiqué awards.

£10,000

As a guide this amount represents less than 1% of their total income based on their last reported financial year (April 2009 - March 2010).

Diabetes UK

Diabetes UK provides practical support and information to help people manage their diabetes. The organisation campaigns for better standards of care and funds research into better treatments for diabetes. Through these types of activities Diabetes UK aims to improve the lives of people with diabetes.

Pfizer supported the Diabetes UK Annual Professional Conference, and Diabetes UK provided consultancy on Pfizer's ChoLESterol campaign.

£63,503.98*

*£24,525 of this total was applicable to Diabetes UK's consultancy on the Pfizer Life website and a Pfizer payment for a stand at a Diabetes UK Healthcare Professional meeting, both of which took place during Pfizer's 2009 fiscal year (1st December 2008 - 30th November 2009) and were disclosed in 2009

As a guide this amount represents less than 1% of the organisation's total income based on their last reported financial year (January 2009 - December 2009).

Dial Kent for the Disabled

Dial Kent is a free, impartial and confidential service of information, advice and in some cases, practical help for the disabled people of Kent. The service is run by volunteers most of whom are themselves disabled. Dial Kent's service is open to anyone with a query or problem related to disability issues.

Pfizer's donation supported the charity to enable them to continue to provide their essential service to disabled people living in Kent and will help towards the wheelchair loan service costs.

£500

As a guide this amount represents less than 3% of the total income of Dial Kent based on their last reported financial year (February 2009 - January 2010).

Dyscover

Dyscover is a charity providing long-term support and opportunities to people with aphasia, a communication disability caused by stroke or other brain injury. Daily sessions are led by professional speech and language therapists from two centres in Surrey, designed to develop strategies for communicating, maximise abilities and offer help and support for carers and families.

Pfizer made a payment to reimburse Dyscover for equipment used to decorate Dyscover's offices, as part of a Pfizer Health Relief project.

£223.18

As a guide this amount represents less than 1% of the organisation's total income based on their last reported financial year (April 2009 - March 2010).

Family Action

Family Action is a National Charity of which the Whitstable and Herne Bay Family Support Services are a part. They provide support to families with young children in the Canterbury and Coastal District including post natal depression groups for new Mum's.

Pfizer's donation to support a volunteer peer mentors project. Training will be provided and include listening skills, boundaries, role of peer supporters, child protection, the effects of PND on children, stress management. The groups will provide information and support for people with PND and activities including therapeutic massage, exercise and art activities.

£9,974

As a guide this amount represents less than 1% of the total income of Family Action based on their last reported financial year (April 2009 - March 2010).

Family Planning Association

Sexual health charity FPA works to establish a society in which everyone has positive, informed and non-judgmental attitudes to sex and relationships; where everyone can make informed choices about sex, relationships and reproduction so that they can enjoy sexual health free from prejudice or harm.

Pfizer gave a donation to support the core functions of the organisation.

£1000

As a guide this amount represents 0.02% of the organisation's total income based on their reported last financial year (April 2009 - March 2010).

GIST Support UK

GIST Support UK provides information, support and education for patients with Gastro-Intestinal Stromal Tumours (GIST) a rare form of cancer.

The charity also supports their carers and works closely with health care professionals to promote awareness, better diagnosis and treatment of GIST.

Pfizer's support contributed to the costs of running the charity's patient conference. Pfizer also provided the charity with an opportunity to raise awareness of their patient support work with healthcare professionals at our GIST management study day.

£5,000

GIST Support UK is a relatively new charity and has no published accounts, but the donation represents about 16% of their income.

Headway Dorset

Headway Dorset is an independent voluntary organisation affiliated to Headway UK, the Brain Injury Association. Headway Dorset provides a comprehensive, needs led service throughout Dorset, promotes wider understanding of brain injury, and provides information, advice and support to people with brain injuries, their families and carers.

Pfizer made a payment to reimburse Headway Dorset for materials used as part of a Pfizer Health Relief project at the Headway Centre.

£246.66

As a guide this amount represents less than 1% of the organisation's total income based on their last reported financial year (April 2009 - March 2010).

Headway East Kent

Headway East Kent is an independent voluntary organisation affiliated to Headway UK, the Brain Injury Association. Headway provides advice, support and care for those who have sustained a severe head injury, their families and carers.

Pfizer Sandwich provided funding towards the cost of large screen laptops for Headway East Kent's day care centres, and two lightweight wheelchairs.

£1,600

As a guide this amount represents less than 1% of the organisation's total income based on their last reported financial year (January 2009 - December 2009).

HEART UK – The Cholesterol Charity

HEART UK supports those at risk of premature cardiovascular disease (CVD) due to raised cholesterol, especially those with inherited high cholesterol. The charity provides information to patients and their families, campaigns for better detection of CVD risk factors and supports research and health professional training. Through these types of activities, HEART UK strives to prevent premature deaths associated with high cholesterol and CVD.

HEART UK received funding for consultancy on, and was a partner of, Pfizer's ChoLESterol campaign. Pfizer also provided support for the HEART UK Annual Conference and made a payment towards a cardiovascular product assessment.

£20,507*

*£5,000 of this total was applicable to HEART UK's consultancy on and partnership of Pfizer's ChoLESsterol campaign, which took place during Pfizer's 2009 fiscal year (1st December 2008 – 30th November 2009) and was previously disclosed in 2009.

As a guide this amount represents approximately 2% of the total income of HEART UK based on their last reported financial year (March 2009 - February 2010).

James Whale Fund for Kidney Cancer

The James Whale Fund is the UK's leading specialist kidney cancer charity. It seeks to help reduce the harm caused by kidney cancer by increasing knowledge and awareness, providing patient information and by supporting research into the causes, prevention and treatment of the disease.

Pfizer made a donation to support the Fund's patient support network activities and contributed to the costs of running a patient conference. We also funded the revision of their patient information booklet about kidney cancer patient and supported the charity's renal nurse study day in Wales.

£22,110

As a guide this amount represents approximately 3.5% of the total income of James Whale Fund for Kidney Cancer based on their last reported financial year (October 2009 - September 2010).

Kent Autistic Trust

Kent Autistic Trust aims to develop specialised living services and day vocational/life skill opportunities for people with autism spectrum condition whatever their need. They provide support and advocacy services for people with ASC and their families and carers in Medway & Kent, and work with people to understand what they want and to stimulate local services to meet their needs.

Pfizer supported the charity with a donation towards the cost of furniture for the Asperger Social Skills Group.

£600

As a guide this amount represents less than 1% of the total income of Kent Autistic Trust based on their last reported financial year (April 2009 - March 2010).

Macmillan Cancer Support

Macmillan Cancer Support improves the lives of people affected by cancer. Macmillan are a source of support: providing practical, medical, emotional and financial support. Macmillan are a force for change: listening to people affected by cancer and working together for better cancer care.

Pfizer supported the annual Britain Against Cancer Conference, which Macmillan runs on behalf of the All Party Parliamentary Group on Cancer. Pfizer also engaged Macmillan as working group members for our annual Cancer Agenda meeting. Pfizer made a donation to Macmillan's Cancer Support and Volunteering Project in Kent and donated the proceeds of a cake sale and participation in Macmillan's World's Biggest Coffee Morning.

£15,206.79*

*£350 of this total was applicable to participation in Pfizer's Cancer Agenda meeting which took place during Pfizer's 2009 fiscal year (1st December 2008 - 30th November 2009) and was disclosed in 2009.

As a guide this amount represents less than 0.1% of the total income of Macmillan Cancer Support based on their last reported financial year (January - December 2009).

Marie Curie Cancer Care

Marie Curie Cancer Care is a national charity that is dedicated to the care of people with terminal cancer and other illnesses.

Pfizer paid Marie Curie Cancer Care to provide a chairperson for a Pfizer meeting on Palliative Care and Sleep, held in October 2010, for health care professionals. Pfizer also paid Marie Curie Cancer Care for a stand at a clinical meeting on palliative care, held in December 2009.

£670

As a guide this amount represents less than 1% of the organisation's total income based on their last financial year (April 2009 - March 2010).

MASH (Medway Asthma Self-Help)

Medway Asthma Self Help (MASH) is committed to making information about Asthma available to all people in Medway. It also provides access to professional help for people with Asthma and their carers in Medway. It works closely with local health providers and other community organisations.

Pfizer provided a donation towards funding of 3 months salaries for the clinic nurse, clinic co-ordinator and fundraising officer for the local community group.

£1,000

As a guide this amount represents 4.46% of the total income of Medway Asthma Self Help based on their last reported financial year (October 2009 - September 2010).

Meningitis Research Foundation

Meningitis Research Foundation funds research to prevent meningitis and septicaemia, and to improve survival rates and outcomes. The charity carries out an information and educational programme for the public and health professionals to reduce death and disability, and offers befriending support and membership of the charity to people affected.

Pfizer provided a core funding donation as well as support for the development of the Meningitis Research Foundation's 'Counting the Cost' project. Pfizer also supported the 'Regional Meningitis Day' conference in 2009 and the 'Meningitis Symposium' in 2010. Pain Association Scotland provides self-management training, advice and education for people suffering directly or indirectly from any form of chronic painful condition.

Pfizer paid Pain Association Scotland to provide a speaker at an educational meeting for health care professionals, organised by Pfizer in Lanarkshire, on the subject of management of chronic pain.

£150

As a guide this amount represents around 0.07 % of the organisation's total income based on their last reported financial year (April 2009 - March 2010).

Pain Relief Foundation

The Pain Relief Foundation was established in response to the need for specialised research into the causes and treatment of chronic pain in humans. The charity aims to carry out research leading to the alleviation of chronic pain, to find improved methods of treating chronic pain, to disseminate the results of such research throughout the world and to work in co-operation with the NHS and universities to provide post-graduate scientific education in chronic pain relief.

Pfizer supported the Pain Relief Foundation website and funded printing of information leaflets. Pfizer paid to have stands at four educational meetings on chronic pain, organised by the Pain Relief Foundation for medical professionals.

£2,350

As a guide this amount represents 0.6% of the organisation's total income based on their last reported financial year (April 2009 - April 2010).

Pamela Northcott Fund

Pfizer supported The Pamela Northcott Fund to provide direct advocacy work on individual appeals for non-NICE approved cancer treatments, and for the development of a commissioning manifesto.

£12,000

As a guide this amount represents 15% of the organisation's total annual income.

Parkinson's UK - Thanet Branch

The Thanet Branch of Parkinson's disease Society offers information, friendship and local support to people with Parkinson's, their families and carers to ensure that no one has to face Parkinson's alone. Many members are confined to wheelchairs and most have mobility problems. The Thanet branch meets weekly and provides seated exercise, reflexology and massage sessions carried out by qualified instructors.

Pfizer's donation is towards the costs of sessions with the Holistic Therapist and outings for the members, most of whom are unable to drive.

£2,000

As a guide this amount represents less than 16.75% of the total income of Thanet Branch of Parkinson's UK based on their last reported financial year (January 2009 - December 2009).

Patients Association

The Patients Association is a national charity providing patients with an opportunity to raise concerns and share experiences of healthcare.

Pfizer provides core funding to the Patients Association via an annual membership. We also supported the charity's server upgrade, development of patient materials for local trusts and contributed to the costs of the charity's participation in the Health Hotel at party conference.

£14,000

As a guide this amount represents 4% of the organisation's total income based on their last reported financial year (January - December 2009).

PHA UK

PHA UK strives to advance the education of the general public in the condition known as Pulmonary Hypertension through the provision of information and educational resources for sufferers, their families, careers and members of the medical profession.

Pfizer supported a PHA UK led 2 day educational event for Nurses and Pharmacists.

£7,500

As a guide this amount represents less than 1% of the organisations total income based on their last reported financial year (May 2008 - April 2009)

Pituitary Foundation

The Pituitary Foundation is a national support, information and advocacy organisation for pituitary patients, their families, friends and carers. The Foundation operates throughout the UK and the Republic of Ireland.

Pfizer provided core funding in the form of a benefactorship donation.

Pfizer engaged the charity as experts to take part in an advisory board to gain insights on patient experiences of diagnosis and choice.

£16,500

As a guide this amount represents less than 5% of the organisation's total income based on their last reported financial year (July 2008 – June 2009).

Prader-Willi Syndrome Association UK

The Prader-Willi Syndrome Association are a registered charity, and the only organisation in the UK which is dedicated to supporting people with Prader-Willi syndrome (PWS), their families, carers, and the professionals who work with them.

Pfizer engaged the charity as experts to take part in an advisory board to gain insights on patient experiences of diagnosis and choice.

£500

As a guide this amount represents less than 1% of the organisation's total income based on their last reported financial year (April 2009 - March 2010).

Prostate Cancer Support Association Kent

Prostate Cancer Support Association Kent provides support and information for all those affected by prostate cancer in Kent.

Pfizer supported the production of a prostate cancer booklet and emergency WC cards.

£220

As a guide this amount represents 1% of the organisation's total income based on their last reported financial year (January 2009 - December 2009).

Psoriasis Scotland Arthritis Link Volunteers (PSALV)

PSALV was launched in early 2004. It is a Scottish charity that is founded by people with skin psoriasis and PsA, supporting the needs of people with these conditions in Scotland.

During 2010, Pfizer worked in partnership with PSALV to develop a Parliamentary working dinner designed to support the launch of the SIGN guidelines in Psoriasis and Psoriatic Arthritis. The event was held November 2010 in the Members Dining Room of the Scottish Parliament and hosted by Dave Thompson MSP and other members of the CPG PSALV employed an agency, Jim Eadie Consulting Ltd to assist them administer the event.

£8,000

As a guide this amount represents 38% of the organisations total income based on their last reported financial year (April 2009 - March 2010).

Rarer Cancers Foundation

The Rarer Cancers Foundation's (RCF) mission is to ensure that people with rarer cancers have access to the best services and outcomes. They raise awareness for people affected by rare or less common cancers, focused and inspired by the needs of patients and their families.

The RCF's public policy programme is set out to encourage recognition of the specific issues facing people with rare and less common forms of cancers and the difficulties faced by clinicians and patients to gain access to the most appropriate forms of treatment.

Pfizer supported the charity's conference that explored the issue of ageism and cancer treatment and provided speaker fees for a presentation at Pfizer's Cancer Agenda advisory board meeting.

£5,350

As a guide this amount funded represents approximately 2% of the total income of the organisation based on their last reported financial year (March 2009 – April 2010).

Raynaud's & Scleroderma Association (RSA)

The Raynaud's & Scleroderma Association (RSA) work to provide educational and emotional support for Raynaud's and scleroderma patients and their families. The Association is committed to increasing awareness of these conditions and raising money for essential research in order to determine the cause, enhance treatment and ultimately find a cure.

Pfizer supported the production of the 'Hot News' newsletter (4 editions) and reprint costs of patient information leaflets.

£14,500

As a guide, this amount represents approximately 2% of the organisations total income based on their last reported financial year (January 2009 - December 2009).

Relate East Kent

Relate East Kent provide counselling services to people in Kent. This includes family counselling, relationship counselling, teen counselling and sex therapy.

Pfizer Sandwich provided funding towards a new client appointment and management system for Relate East Kent.

£5,000

As a guide, this amount represents approximately 2% of the total income of the Relate East Kent based on their last reported financial year (April 2009 - March 2010).

The Royal National Institute of Blind people (RNIB)

The RNIB is the UK's leading charity working in sight loss prevention, offering information, support and advice to almost two million people with sight loss. Their work targets those at risk of sight loss and anyone with sight problems - not just with braille and talking books, but with imaginative and practical solutions to everyday challenges and innovative sight loss prevention activities.

Pfizer provided support to the RNIB towards the cost of the Vision 2020 Conference 2010.

Pfizer also supported the meetings of the Glaucoma Alliance Wales for which the RNIB Cymru provides the secretariat.

Pfizer also utilised the Braille transcription service offered by RNIB for patient information leaflets.

£12,628

As a guide this amount represents less than 1% of the organisations overall funding based on their last reported financial year (ending 31 March 2010).

Roy Castle Lung Cancer Foundation

The Roy Castle Lung Cancer Foundation is the only charity in the UK wholly dedicated to defeating lung cancer, the biggest cancer killer in the world.

Pfizer made a donation to support a campaign seeking to incentivise earlier diagnosis of lung cancer, particularly in patients who are at higher risk. Pfizer also engaged the charity to facilitate at our annual Cancer Agenda meeting and consulted with them via an advisory board.

£5,250

As a guide, this total represents less than 0.5% of the total income of the Roy Castle Lung Cancer Foundation, based on their last reported financial year (January - December 2009).

Samaritans

Samaritans provides completely confidential emotional support 24 hours a day by telephone, personal visit, email, text and letter, through its branch network - support that includes outreach activity at festivals and outside our centres in prisons, hospitals, schools, the workplace and with homeless people.

Pfizer provided a donation to support the provision of training to volunteers to enable the delivery of the 'Referral Programme'.

£4,000

As a guide this amount represents less than 1% of the total income based on their last reported financial year (April 2009 - March 2010).

Sarcoma UK

Sarcoma UK provides information and support for sarcoma patients in the UK, as well as education for health professionals working with sarcomas.

In 2010 we supported Sarcoma UK to organise the annual educational conference for the British Sarcoma Group - healthcare professionals who specialise in the care and treatment of patients with a sarcoma. Pfizer also engaged Sarcoma UK's Director to Chair our annual Cancer Agenda meeting.

£9,500

As a guide the donation to Sarcoma UK's own work represents about 4.2% of the direct income of Sarcoma UK based on their last reported financial year. The donation for the BSG Conference, managed by Sarcoma UK, represented 13% of the event's income.

Scleroderma Society

The Scleroderma Society works to provide help and support for people with scleroderma, increase awareness of scleroderma and fund scientific and medical research in the area.

Pfizer supported the redesign and reprint costs of patient information leaflets.

£1,000

As a guide this amount represents 1% of the organisation's total income based on their last reported financial year (April 2009 - March 2010).

Scottish Dementia Working Group

The Scottish Dementia Working Group (SDWG) is an independent organisation working under the umbrella of Alzheimer Scotland. The Working Group campaigns to improve services for people with dementia and to improve attitudes towards people with dementia.

Pfizer supported the SDWG to attend the Dementia Services Development Centre international dementia conference for patients in London.

£1,000

As a guide this amount represents less than 1% of the total income of Alzheimer Scotland based on their last reported financial year (April 2009 - March 2010).

Seeability

SeeAbility supports adults who are blind or partially sighted and have other multiple disabilities including; learning, physical and mental health disabilities, acquired brain injuries and degenerative conditions, to explore their potential and enhance their quality of life. They currently provide services in Devon, East Sussex, Hampshire, Somerset and Surrey.

Pfizer supported SeeAbility as a charity local to Pfizer's head office with a donation in lieu of sending corporate Christmas cards.

£500

As a guide this amount represents less than 1% of the organisation's total income based on their last reported financial year (February 2009 - January 2010).

Sexual Advice Association

The Sexual Advice Association (formerly the Sexual Dysfunction Association) is a charitable organisation to help sufferers of male and female sexual problems and their partners and to raise awareness of the extent to which sexual conditions affect the general population.

Pfizer provided funding towards The Sexual Advice Association's patient helpline and e-mail response service. The Sexual Advice Association provided consultancy to, and was a partner of, Pfizer's Man MOT project.

£15,000

As a guide this amount represents 20% of the organisation's total income based on their last reported financial year (January 2009 - December 2009).

Specialised Healthcare Alliance

The Specialised Healthcare Alliance (SHCA) is a broad coalition of patient groups. The SHCA campaigns on behalf of people with rare diseases and other complex conditions which require specialised medical care. Examples are numerous but include certain cancers, cystic fibrosis, haemophilia, neurological conditions and a wide range of services for children.

Pfizer paid for

- Internal colleagues' attendance at the SHCA conference in 2010.
- Core funding donation to support the organisations ongoing activities.
- Funding to support SHCA's QIPP project.

£16,176.26

As a guide this amount represents 10% of the organisation's total income based on their last reported financial year (December 2009 - November 2010).

Shepway Autism Support Group

Shepway Autism Support Group is a newly formed local community group that has been set up to improve and provide activities for children on the Autism Spectrum and their parents and carers within the Shepway area.

Pfizer provided a donation towards running a weekly youth group for teenagers with autism and a monthly funclub for younger children with autism, also towards holiday projects for 2011.

£750

As a guide this amount will represent approximately 10% of the total income of Shepway Autism Support Group based on this year's financial year (Jan 2011 – Dec 2011).

Tobacco Control Collaborating Centre

The Tobacco Control Collaborating Centre (TCCC) aims to contribute to the development of a skilled and effective tobacco control workforce through the provision of an authoritative source of advice, information and resources for those working in this field.

TCCC also strives to increase appropriate tobacco control activity and capacity in developing relevant practices in alliance with local government, non governmental organisations and other sectors of the economy.

Pfizer made a donation to the TCCC towards their innovative programme to turn University Hospital Coventry and Warwickshire smoke free.

£12,000

As a guide, this amount represents 3% of the organisations total income based on their last reported financial year (August 2009 - July 2010).

The Stroke Association

The Stroke Association is the only UK wide charity solely concerned with combating stroke in people of all ages. It funds research into prevention, treatment and better methods of rehabilitation, and helps stroke patients and their families directly through its Life After Stroke Services. The Stroke Association also campaigns, educates and informs to increase

knowledge of stroke at all levels of society, and acts as a voice for everyone affected by stroke.

The Stroke Association partnered with Pfizer on the ChoLESterol campaign, providing editorial input.

£6,000

As a guide, this amount represents less than 1% of the total income of the Stroke Association based on their last reported financial year (April 2009 - March 2010).

The Teenage Cancer Trust

Teenage Cancer Trust raises money for the provision of specialist units that cater for the needs of young people with cancer, related professional services, education and research.

Pfizer made a donation to the Teenage Cancer Trust when a speaker waived his fee at our annual Cancer Agenda meeting.

£500

As a guide this amount represents less than 0.1% of the total income of Teenage Cancer Trust based on their last reported financial year (July 2009 - June 2010).

Transplant Sport UK

Transplant Sport UK raises awareness of the need for organ donation in the UK and worldwide. The charity organise sports and social events for transplant recipients, and demonstrates the benefits of organ donation in enabling people to lead normal and active lives after transplantation.

Pfizer contributed to the British Transplant Games, a multi-sport event for recipients of a life saving organ transplant.

£1,000

As a guide this amount represents 0.2% of the organisation's total income based on their last financial year (April 2009 - March 2010).

Trigeminal Neuralgia Association UK

The Trigeminal Neuralgia Association offers support and encouragement to TN patients, their families and friends, and provides information on treatments available. It also raises awareness amongst medical professionals, particularly GPs and dentists, regarding diagnosis and treatment.

Pfizer supported the production of information leaflets on Trigeminal Neuralgia.

£2800

As a guide, this amount represents 5.6% of the organisation's total income based on their last financial year (April 2009 - March 2010).

Turner Syndrome Support Society

The Turner Syndrome Support Society is a national charity caring for the needs of those with Turner Syndrome throughout the United Kingdom. The Society offers support and information to both girls and adult women with Turner Syndrome, their families and friends.

Pfizer provided TSSS with core funding through a benefactor payment. Pfizer engaged the charity as experts to take part in an advisory board to gain insights on patient experiences of diagnosis and choice.

£10,500

As a guide, this amount represents 11% of the organisation's total income based on their last financial year (January 2009 - December 2009).

Ulster Cancer Foundation

Ulster Cancer Foundation funds research into new treatments for cancer and undertakes education programmes to help people reduce their risk of developing cancer.

Pfizer supported the Ulster Cancer Foundation with funding towards a No Smoking Day Briefing event.

£1,000

As a guide, this amount represents less than 1% of the organisation's total income based on their last reported financial year (August 2009 - July 2010).

United Kingdom Lung Cancer Coalition (UKLCC)

The United Kingdom Lung Cancer Coalition (UKLCC) is a partnership of charities, clinicians, senior NHS professionals and healthcare companies with a commitment to double lung cancer survival. It is the nation's only multi-interest group in lung cancer. The UKLCC is primarily a campaigning organisation.

Pfizer provided membership funding to belong to the UKLCC and contribute to its activities.

£5,000

As a guide this amount represents between 7.7% of the organisation's total income based on their last reported financial year (January - December 2010).

Wellbeing of Women

Wellbeing of Women raises money to invest in medical research and the development of specialist doctors and midwives working in the field of reproductive and gynaecological health.

In agreement with Wellbeing of Women, Pfizer produced a leaflet designed for patients with overactive bladder using Pfizer medicines, which featured the Wellbeing of Women logo. Pfizer also sponsored stand space at a consumer health day organised by Wellbeing of Women to raise awareness of women's health issues.

£12,000

As a guide this amount represents 0.7% of the organisation's total income based on their last reported financial year (January 2009 - December 2009).

Patient groups working across Europe

During 2009 Pfizer also worked with European-focused patient groups which are based in the UK. These are detailed below. This support is also detailed on www.Pfizer.eu.

European Federation of Neurological Associations

The European Federation of Neurological Associations (EFNA) brings together European umbrella organisations of neurological patient advocacy groups, to work with other associations in the field of neurology, in what has been termed a 'Partnership for Progress'. EFNA engages in activities, which contribute to the advancement of neurology and related areas with a view to improving the quality of life of people living with neurological conditions, their families and carers.

Pfizer International Operations provided the following funding to the European Federation of Neurological Associations to support activities during 2010.

- To support the organisation core activities
- As secretariat to the emerging EU Pain Alliance. The funding was provided to enable ENFA to initiate activities which would enable the EU Pain Alliance to establish its organisational structure and develop its membership.
- To support the development of EFNA's Health Technology Assessment tool kit.
- EFNA joined the Can You Feel My Pain? EU Health Awareness Campaign as a formal partner during 2010. The campaign will feature on the EFNA Website in April 2011. In order to facilitate this activity Pfizer will provide ENFA will social media training (provided by Creation Healthcare). There is no funding associated with this activity.
- EFNA's president participated within a series of Pfizer activities during 2010 as follows:
 - Pain Proposal: EFNA's President participated as a steering committee member to the Pain Proposal for which an honorarium with travel/accommodation was paid.
 - Can You Feel My Pain, EU Health Awareness Campaign: EFNA's President chaired the Pfizer European Advisory Board meetings during 2010, a group of patient advocacy groups and citizen organisations who worked with Pfizer to develop the Can You Feel My Pain, EU Health Awareness Campaign, for which an honorarium and travel was paid for both meetings.
 - EFNA's President featured in a film produced by Pfizer which was used for internal purposes only for which travel expenses were paid.

€53,000

As a guide this represents 10.7% of the organisation's last reported financial year.

European Gauchers Alliance

The EGA is an umbrella organization that supports and represents the national Gaucher associations on a pan-european level. It has provided patient focussed guidance, support and advice to industry, healthcare providers, governments, the EU, developing patient organisations, scientists and physicians and all other stakeholders in the Gaucher Community.

Pfizer International Operations provided funding to European Gaucher Alliance to support its core activities in 2010.

€15,000.00

As a guide this represents 30% of the organisation's last reported financial year.

European Parkinson's Disease Associations

The European Parkinson's Disease Association (EPDA) is the only European umbrella organisation for Parkinson's disease. A non-political, non-religious, and non-profit making organisation, it represents 45 member organisations and is the advocate for the rights and needs of over 1.2 million people with Parkinson's and their families. EPDA's vision is to enable a full life with Parkinson's whilst supporting the search for a cure and seeks to achieve this by raising awareness and reducing inequalities in the treatment and management of Parkinson's disease across Europe. (www.epda.eu.com)

EPDA joined the Can You Feel My Pain? EU Health Awareness Campaign as a formal partner during 2010. The campaign will feature on the EPDA Website in April 2011. In order to facilitate this activity Pfizer will provide EPDA with social media training (provided by Creation Healthcare). There is no funding associated with this activity.

QUIT

Within Europe, Pfizer has partnered with QUIT in their role as lead agency for the European Network of Quitlines, an initiative aimed at maximising collaboration between those European countries providing quitline services. European based partnership activities were:

- Sponsorship of the annual conference for the European Network of Quitlines.
- Support towards the costs of attendance at the WTOH meeting in 2009 for a member of the QUIT organisation.

£220,319*

*A payment of USD 258,096 (£159,319 - exchange rate as of 20th Sept 2009) was made in 2010 towards the delivery of a Social Exclusion Project designed to improve smoking cessation rates which was previously disclosed in 2009.

As a guide this amount represents approximately 11.6% of the total income of QUIT based on their last reported financial year (April 2008 - March 2009).

Pfizer UK Foundation

As a healthcare company Pfizer is committed to helping people live healthier lives through our community investment programmes.

The Pfizer UK Foundation is a grant scheme dedicated to providing short-term funding and support for projects tackling health inequalities arising from social, economic, cultural and demographic factors in deprived areas and marginalised communities.

We provide funding and support to community groups, charities, patient groups, the NHS and local authorities to deliver projects which provide tailored, innovative and local solutions to needs defined by local healthcare experts, social care experts, community groups and charities in areas where local issues cannot be met purely through statutory provision.

Here are the patient groups who were recipients of a Pfizer UK Foundation grant between 1 December 2009 and 30 November 2010.

Action for Sick Children (Scotland) (ASCS)

Action for Sick Children (Scotland) is the only charity in Scotland dedicated to informing, promoting and campaigning on behalf of the needs of all sick children and young people within their healthcare system. During 2010 they were awarded a grant of £20,652 from the Pfizer UK Foundation to deliver 'The Special Smiles' project to address the dental health of children and young people with additional and complex support needs in Glasgow, through the delivery of specialised play and educational resources.

Asthma UK

Asthma UK is dedicated to improving the health and well-being of people in the UK whose lives are affected by asthma. During 2010 they were awarded a grant of £49,437 from the Pfizer UK Foundation to deliver a project to address the health inequality experienced by adults and children with asthma in Liverpool.

The project will deliver an integrated approach to care provision for children with asthma, and deliver lay training to adults with asthma to enable them to run awareness sessions for other adults with the condition.

CanRehab

CanRehab provides cancer rehabilitation seminars, workshops and training programmes in the UK. They offer educational and professional support to anyone wishing to develop exercise based rehabilitation programmes for cancer patients. During 2010 the Pfizer UK Foundation awarded a grant of £40,176 to deliver the 'Active ABC' project to provide a programme of safe, tailored and accessible group exercise programmes for all identified women in their first year post breast cancer diagnosis in Glasgow, specifically targeting those most in need and living in deprived areas.

British Lung Foundation

The British Lung Foundation exists to help people with lung disease. It does this by raising money to provide services to people with lung disease and their families, to fund scientific research for better treatments and cures and by campaigning for change to improve lung health in the UK. During 2010 they were awarded a grant of £32,810 to deliver a project to combat the high incidence of COPD in the Sandwell PCT area. Through a targeted approach the project would provide information messages and raise awareness of lung disease amongst employers, as well as offering health checks at awareness-raising events in workplace settings.

Highland Community Care Forum

Highland Community Care Forum (HCCF) has over the past 20 years built up a portfolio of services for carers including young carers, people with mental health problems, people with learning and physical disabilities and older people. HCCF adopts a community development approach and works in remote, rural and urban localities across the Highland area. During 2010 they were awarded a grant of £27,741 from the Pfizer UK Foundation to deliver a health promotion project which would identify and support young carers in Lochaber by delivering interactive awareness sessions in schools, establishing support networks and activities and signposting/partnering with existing local youth groups.

Marie Curie Cancer Care

Marie Curie Cancer Care is a national charity that helps people affected by cancer, their families and carers. During 2010 they were awarded a grant of £50,000 from the Pfizer UK Foundation to deliver a project that would address the health inequalities that exist in deprived boroughs of London for people who are carers of terminally ill patients. The project aimed to coordinate and improve access to existing services, working directly with carers to ensure that their needs were being met.

RNIB Cymru

The RNIB is the UK's leading charity working in sight loss prevention, offering information, support and advice to almost two million people with sight loss. Their work targets those at risk of sight loss and anyone with sight problems - not just with braille and talking books, but with imaginative and practical solutions to everyday challenges and innovative sight loss prevention activities. During 2010 RNIB Cymru were awarded a grant of £43,079 from the Pfizer UK Foundation to deliver a project working with and consulting low income communities. The project aimed to identify barriers to regular eye health checks through the distribution of targeted information, partnership focus group work and delivery of face to face eye health messages.
